

U-Link Patient and Family Fund

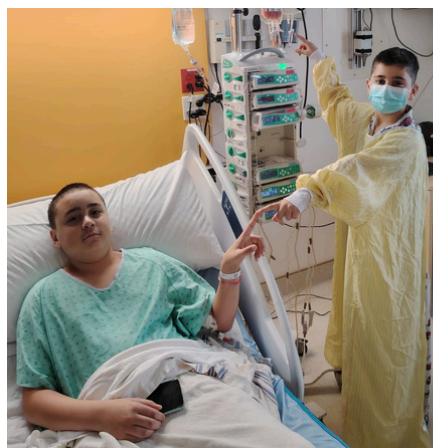

The U-Link Patient and Family Fund is a **financial program for families across Canada** who must travel to access treatment through clinical trials for **children and young adults with cancer**.

- **150 km+ from home:** Supports childhood cancer families in Canada travelling to access clinical trials.
- **Practical financial support:** Helps cover accommodations, food and travel related expenses.
- **Simple & streamlined:** Easy application and reimbursement process designed to reduce stress for families.

Meet Kamal

When Kamal's cancer relapsed for a second time, a bone marrow transplant became his best chance for recovery. His family left their home in Ottawa and relocated to Montreal for treatment, expecting a six-week hospital stay that ultimately became ten weeks due to complications. Being away from home meant **additional costs for travel, accommodation, meals, parking** and time away from work.

The **U-Link Patient and Family Fund** helped ease some of **these additional costs**, allowing Kamal's family to focus more fully on his recovery during an incredibly difficult time. Support like this helps families who must travel away from home access the treatment their child needs while providing reassurance during an already overwhelming experience.

"Knowing assistance was available allowed us to focus more fully on what mattered most – being by our son's side and supporting his recovery."

Thank you for helping us support childhood cancer families across Canada
